

🕒 10inch PP sediment filter cartridge

Product name	10inch PP sediment filter(PP10-microns)
Product specification	28*60*254mm
Product material	Food grade polypropylene material
Weight	110g
Service life	3-6months
Operating temperature	4-52℃
Packing	Plastic film + carton
Packing Count	50/100
Carton size	515*315*315mm (50 pieces) 640*315*515mm(100 pieces)
Carton weight	6.5/12kg
Maximum flow	2.5GPM
Maximum pressure	100PSI

🎥 20inch PP sediment filter cartridge

Product name	20inch PP sediment filter(PP20-microns)
Product specification	28*60*508mm
Product material	Food grade polypropylene material
Weight	220g
Service life	3-6 months
Operating temperature	4-52℃
Packing	Plastic film + carton
Packing Count	25
Carton size	515*315*315mm
Carton weight	6.5kg
Maximum flow	10GPM
Maximum pressure	100PSI

▶ 30inch PP sediment filter cartridge

Product name	30inch PP sediment filter(PP30-microns)
Product specification	28*60*762mm
Product material	Food grade polypropylene material
Weight	330g
Service life	3-6months
Operating temperature	4-52℃
Packing	Plastic film + carton
Packing Count	25
Carton size	780*315*315mm
Carton weight	9.25kg
Maximum flow	10GPM
Maximum pressure	100PSI

🕒 40inch PP sediment filter cartridge

Product name	40inch PP sediment filter(PP40-microns)
Product specification	28*60*1016mm
Product material	Food grade polypropylene material
Weight	440g
Service life	3-6 months
Operating temperature	4-52℃
Packing	Plastic film + carton
Packing Count	25
Carton size	1020*315*315mm
Carton weight	12kg
Maximum flow	10GPM
Maximum pressure	100PSI

🕒 10inch Big Blue PP sediment filter cartridge

Product name	10inch Big Blue PP sediment filter(PP10BB-micron)
Product specification	28*112*254mm
Product material	Food grade polypropylene material
Weight	400g
Service life	3-6 months
Operating temperature	4-52℃
Packing	Plastic film + carton
Packing Count	20
Carton size	510*590*235mm
Carton weight	9kg
Maximum flow	10GPM
Maximum pressure	100PSI

🕒 20inch Big Blue PP sediment filter cartridge

Product name	20inch Big Blue PP sediment filter(PP20BB-microns)
Product specification	28*112*508mm
Product material	Food grade polypropylene material
Weight	800g
Service life	3-6 months
Operating temperature	4-52℃
Packing	Plastic film + carton
Packing Count	10
Carton size	510*590*235mm
Carton weight	9kg
Maximum flow	10GPM
Maximum pressure	100PSI
